

# Year Six Summer Term Overview

## English

This term we will continue to use a range of texts, illustrations and film to inspire and develop our reading and writing skills.

We will focus on applying our grammar skills to develop our ability to write accurate and purposeful sentences. We will apply both our reading and writing skills to support us to write a narrative, a newspaper report and our own autobiographies!

## Science & Computing

In Science, we will be exploring the units 'Living things and their Habitats' and 'Electricity.' We will describe how living things are classified into groups according to their characteristics.

In Computing, we will be developing our understanding on computing systems and networks focusing on communication and the role technology plays within this.

## Maths

- Ratio Problems
- Algebra
- Revision of Fractions, Decimals and Percentages.
- Converting between different units of measure.
- Problem solving & reasoning
- Ready for Secondary Maths

## History & Geography

In Geography, we will be understanding geographical similarities and differences through the study of human and physical geography of a region or area in Iceland. We will describe key aspects of physical geography: climate zones, earthquakes and the water cycle. We will describe key aspects of human geography: land use, economic activity (including trade) and settlements.

## PE

This term we will be covering the units: Volleyball, Ultimate Frisbee and Cricket. We will develop our skills across the games as well as discussing the importance of working as a team.

## PSHE & RE

In PSHE, we will be developing different strategies to support our mindfulness and well-being before moving onto 'Relationships' and 'Changing Me.'

This term in R.E, we will be looking at the beliefs of Christians and Humanists and what matters most to them. We will explain how religious beliefs shape the lives of individuals and communities.

## MFL & Music

In Music, we will be exploring 'Music and Me' and 'Reflect, Rewind and Me' to develop our thoughts and opinions on different compositions and their effect on us. We will reflect on the role music and play to support mindfulness.

In Modern Foreign Languages, we will revise key words and phrases in French to share details about ourselves and to develop conversations.

## Art & DT

In Art and Design, we will explore the units: 'Art and the Anatomy' and 'Art and Fashion.' We will use wire frames to sketch proportioned human bodies and add movement. We will use Piet Mondrian to create fashion with vivid colours and dramatic forms.
